3. **CONTROLLING BODY**

- 3.1 The Controlling Body is Bowls New Zealand.
- 3.2 Tournament Director: Bowls New Zealand Tournament Director.

4. **DEFINITIONS**

- 4.1 The words and phrases used in these Conditions of Play shall have the same meaning as defined in Regulation 8 – National Events and the Constitution of Bowls New Zealand, unless otherwise specified in these Conditions of Play. For avoidance of doubt, the conventions used in the Laws of the Sport shall **not** apply to these Conditions of Play unless expressly stated.

Bowls New Zealand Tournament Director means the person appointed by Bowls New Zealand for the National Finals on such terms and conditions as Bowls New Zealand determines.

Event means the Bowls New Zealand Champion of Champion Singles, Pairs, Triples and Fours Competition.

Laws of the Sport means the World Bowls Laws of the Sport of Bowls (Crystal Mark Fourth Edition) and includes the domestic regulations of Bowls New Zealand.

Open Tournament means a competition, tournament or event for the game of Bowls which is open for entry to any member of any Club or Centre.

5. **ENTRY:**

5.1 **Participants**

Participants in each discipline shall be the affiliated Centre Champion in that discipline and must (in the case of Pairs, Triples and Fours) be from the same club.

Bowls New Zealand's preference is that centres adopt the club – centre – national qualifying process. Special dispensation may be given to a smaller centre upon request, where the centre believes that an open centre qualifying event is warranted, based upon the number of clubs or geography of the centre.

- (a) Each Centre must hold a Centre Qualifying Competition for this Event.
- (b) If an individual player from the winning team in pairs, triples or fours are unable to attend the National Final, then Bowls New Zealand Domestic Regulation 1, Clause 2 in respect of substitutes and replacements will come into effect and the Bowls New Zealand Tournament Director must be notified immediately of any such requests for substitutes or replacements. Only the winning team from each centre is entitled to represent their Club/Centre at the national finals.
- (c) Bowls New Zealand reserves the right to cancel any of the National Finals if the number of teams entered in any discipline does not reach a minimum of 12 entries from the 27 eligible centres.

6. **TRIAL ENDS:**

- 6.1 Pursuant to Law 5.1 of the Laws of the Sport trial ends will be allowed before competition commences each day. (Only your first game of the day)

- 6.2 Should players be required to change greens during the day an extra set of trial ends will be permitted. A team which has received a bye and has to play a team that has already played that day, shall be entitled to a practice session on a neutral rink if available.

7. **PLAYING FORMAT (Applicable for both Men and Women)**

7.1 Playing Format

The draw shall be determined once entry levels are confirmed.

By way of example, in 2022, teams played four games over six rounds with three (3) out of four (4) wins required to qualify for post section play.

(a) Singles	21 shots	2 hour time limit	4 bowls
Pairs	18 ends	2 hour time limit	3 bowls
Triples	15 ends	2 hour time limit	2 bowls
Fours	15 ends	2 ¼ hour time limit	2 bowls

- (b) The time signals for each game shall be as follows:
The commencement of play and the expiry of time shall be signalled by the Umpire by a bell or some other means clearly audible to the players concerned.
Where the time limit is not common to all games on any green, the Umpire shall notify the opponents or skips in individual games when the time limit has expired.
- (c) **Ends made dead** shall be replayed in accordance with Law 20 of the Laws of the Sport. If in a time limit game, the jack has been delivered before the time signal, the end continues and if the end is subsequently made dead the end will be replayed.
- (d) **Time Limit** - All qualifying games will have a time limit which shall be set once entry levels are known.
- (e) **Extra End** - If an extra end is required to decide a drawn game there will be no kills on the extra end and the jack will be spotted on the 2-metre mark. If a bowl is already on the 2 metre mark the jack will be placed on the mat side of the bowl sitting on the 2-metre without touching the bowl.
- (f) **Absentee Players:** If, 15 minutes after the scheduled start time for a game, one or more players are absent from a team, the defaulting team will forfeit the game to their opponents.
- (g) **Default:** If a team or player defaults their score will be recorded as a loss. The non-offending team will be awarded a win.
- (h) In all **qualifying** games one point will be awarded for each game won. There are no draws, so an extra end will be played to decide the winner. The killing of ends is allowed, noting rule (7.1.e) for the extra end.
- (i) **Markers** - In singles games, bye game players may be required to mark another game that round.
- (j) **Reporting** - Teams/players must report in 30 minutes before their scheduled start time, as games may start earlier than the scheduled time.

7.2 Post Section:

- a) The post section draw will be determined based on entry levels.
- b) All games in post section will be sudden death knockout games with a random draw.
- c) All byes will be disposed of in the first round of post section. A team which has received a bye and has to play a team that has already played that day, shall be entitled to a practice session on a neutral rink **if available**.
- d) All post section games will have a time limit (note 7.1 d), apart from the Men's and Women's Semi-finals and Grand finals which will have **no time limit**.
- e) Post section times and rounds are subject to change based on the number of qualifiers.

7.3 Alterations to the Format & Length of Games

- (a) The Controlling Body reserves the right to alter the format, times of play and greens giving as much notice as practical.
- (b) Where a programme is interrupted or cannot be completed due to inclement weather or local conditions, the Controlling Body may amend the format and length of games to achieve a result.

7.4 Restricting the Movement of Players

- 1) In all games, the movement of players during play shall be restricted as specified in Appendix A A.4 – Laws of the Sport.

Prior to the start of each end, the following players will take up their positions at the mat-end of the green:

Pairs: The leads

Triples: The leads and the seconds

Fours: The leads, the seconds and thirds

After delivering their first bowl, players will only be allowed to walk up to the head under the following circumstances.

- (i) **Singles Game:**
The opponents: after delivery of their third and fourth bowls
- (ii) **Pairs Games (each player playing three bowls):**
 - a) the leads: after delivery of their third bowl; and
 - b) the skips; after delivery of their second and third bowls
- (iii) **Triples Games (each player playing two bowls)**
 - a) the leads: after delivery of their second bowl
 - b) the seconds: after delivery of their second bowl and
 - c) the skips: after delivery of each of their bowls
- (iii) **Fours Game:**
 - a) the leads: after the second player in their team has delivered their second bowl
 - b) the seconds: after delivery of their second bowl
 - c) the thirds: after delivery of their second bowl and
 - d) the skips: after delivery of each of their bowls

- 2)
 - (a) In exceptional and limited circumstances, a Singles player can ask the Marker for permission to walk up to the head, or a Skip can ask that a player walks up to the head earlier than described in Appendix A.4.1.
 - (b) If a player does not meet the requirements of Appendix A.4.1, Law 13 of the Laws of the Sport shall apply.
- 3) Position of Players (Live Streaming rinks)
Only the skip and/or the third player in fours and skip and/or second player in triples may stand on the green at the head-end of the rink. All other team members must stand on the bank surround of the green.

8. SUBSTITUTES AND REPLACEMENTS

- 8.1 Substitutes and changes to original team members will be allowed in terms of Bowls New Zealand Domestic Regulation 1, Clause 2.

For clarity, unless otherwise specified in these Conditions of Play, changes in personnel within a Pairs, Triples or Fours team may be made prior to the initial game in a competition (i.e. the first round of a Club Championship competition) but any subsequent changes required due to a player's injury or illness (or other reason that is deemed acceptable to the Controlling Body) shall be classified as a substitution. A substitute player is permitted to compete in the place of the original player until (i) the original player returns to the team, or (ii) the team's involvement in any stage of the competition ends. In accordance with the Laws of the Sport; (i) a substitute player is not permitted to be the skip of any team, (ii) a maximum of one substitute player is permitted in a Pairs or Triples team, and (iii) a maximum of two substitute players are permitted in a Fours team. In all cases, the Controlling Body shall determine the suitability of any request for a substitute player based upon the substitute player being an equal or lesser player than the player they are seeking to take the place of, and therefore the team not becoming a better team, in terms of playing ability, than the original team.

9. FOOTWEAR & CLOTHING

- 9.1 Only shoes or sandals may be worn by players when playing on a bowling green. All footwear must be flat soled and heel-less. Soles may be of a non-slip material with a slightly abrasive surface.
- 9.2 Any Player with a physical disability may use an appropriate support, wheelchair or bowling aid, provided that the same is so made that its use causes no damage to the green.
- 9.3 All members of a team or side must wear the same uniform as each other. Any garment may have logos displayed, but the Controlling Body may impose conditions relating to sponsors logos to ensure there is no conflict with a Tournament Sponsor.
- 9.4 Failure to comply with clause 9.3 will result in the offending Team or Side being defaulted for each round until they comply with clause 9.3.

APPENDIX B

Interruption to Play:

In the event of play at any venue being prevented by weather (or other unforeseen circumstances) the following protocols shall assist the Tournament Director in making a fair and reasonable decision:

- a) In all circumstances, the impact of the interruption on any green shall be treated in isolation; i.e. the entire event shall not be automatically impacted by the circumstances that have caused a delay in play on any green.
- b) The greenkeeper shall have the right to close a green at any time during the scheduled day's play when the continuation of play presents a health and safety threat to players and / or, in the opinion of the greenkeeper, risks damage to the green.
- c) Where the interruption is likely to mean a significant delay in the schedule of play for the day the Tournament Director, in conjunction with the umpire(s) present and / or the venue controller, may alter the Conditions of Play for that green. These changes may allow for play to:
 - i. continue on an artificial green (if available and / or previously allocated to the affected green in the event of interruption), or
 - ii. be reduced to allow for all remaining games on the affected day to be completed once play is possible again.

Any decision relating to an interruption in play shall be made with the intention of ensuring that the integrity of the tournament is preserved, and the health and safety of players and officials is not compromised.

- d) Where the options in c) (above) do not allow for a resumption in play on the affected day, the Tournament Director shall consider a reduction in either the number of games, or the length of games, to be played in the days subsequent to the interruption.
- e) Where the affected games are part of the qualification rounds the Tournament Director may deem that a player / team shall qualify for post-section play providing they have not already lost the number of games (as per the Conditions of Play) that would make it impossible for them to qualify.
